- 4. On 21 May, the Disenchen Kaserne (3021) was occupied by about 1,200 troops wearing red-bordered black epaulets with artillery and tank insignia and, thus, had the highest strength figure of all military installations at the post. About 100 soldiers received training in firing in the nearby training area. About 400 soldiers were lined up for a roll call in the barracks yard.
- 5. On 21 May, the Alvensleben Kaserne (3084) was occupied by not more than 60 troops of a rear detail.
- 6. On 21 May, the barracks installation north of Drachhausen, northwest of Peits, was occupied by 2,200 to 2,300 troops wearing red-bordered black epaulets with tank insignia. Exercises involving 12 T-34 tanks were observed in the training

tank insignia. Exercises involving 12 T-34 tanks were observed in the training area. About 80 T-34 tanks and 12 JS tanks were stationed in the installation.

- 9. On 27 May, the Jaeger Kaserne (3341) and the hospital (3343) in Luebben were occupied by only guard details.
- 10. The occupation strength of Neue Maserne, south of Stammlager Zossen, Wuensdorf increased. An estimated 1,500 troops were stationed there between 25 May and 2 June. Most of the troops were red-bordered black epaulets with artillery and tank insignia. The 18 JS-3 tanks were still stationed there. Three to 4 tanks repeatedly engaged in training in the area east of the installation. Four morears on a chassis with procuration times were also observed in this area. Up to 300 soldiers received infantry training and training in the construction of field fortifications and fosholes. A building near the tank sheds was being surrounded by a high mound. It processably berved as storage room for fuel or tank ammunition. The fuel demp in the northcast corner of the installation, southeast of the athletic field, contained 200 to 250 x 200-liter fuel drums. About 12 tank trucks with trailers were observed at the fuel dump. The motor vehicle sheds were occupied by about your seem in front of the motor vehicle sheds.

end the berracks installation north of Drackhausen, Peitz training area, the bulk of the 9th Mech Div until 4 June.
